18<sup>th</sup> July 2019

Dear Sir or Madam,

### **M2 Junction 5 improvements scheme - Consultation response**

Bredgar Parish Council has reviewed the latest (13th June 2019 / Order 20) M2 J5 Junction update proposal. This letter provides the collective view of the Parish Council.

Councillors consider that the latest proposal addresses all of the concerns raised in our previous response and would like to confirm our support for the new layout.

Since our previous response we have become aware of a further potential enhancement to the scheme, namely, a bridge over the A249 reconnecting the Stockbury community. Bredgar Parish Council consider that a Stockbury bridge would improve the scheme further, by providing economic and safety benefits for the rural communities on both sides of the A249.

Yours faithfully

Clerk to the Bredgar Parish Council
